

Redistricting Map Guidelines

- 1** – Balance population between 4 wards
- 2** – Honor current ward boundaries
- 3** – Minimize splitting census blocks
- 4** – No ward islands

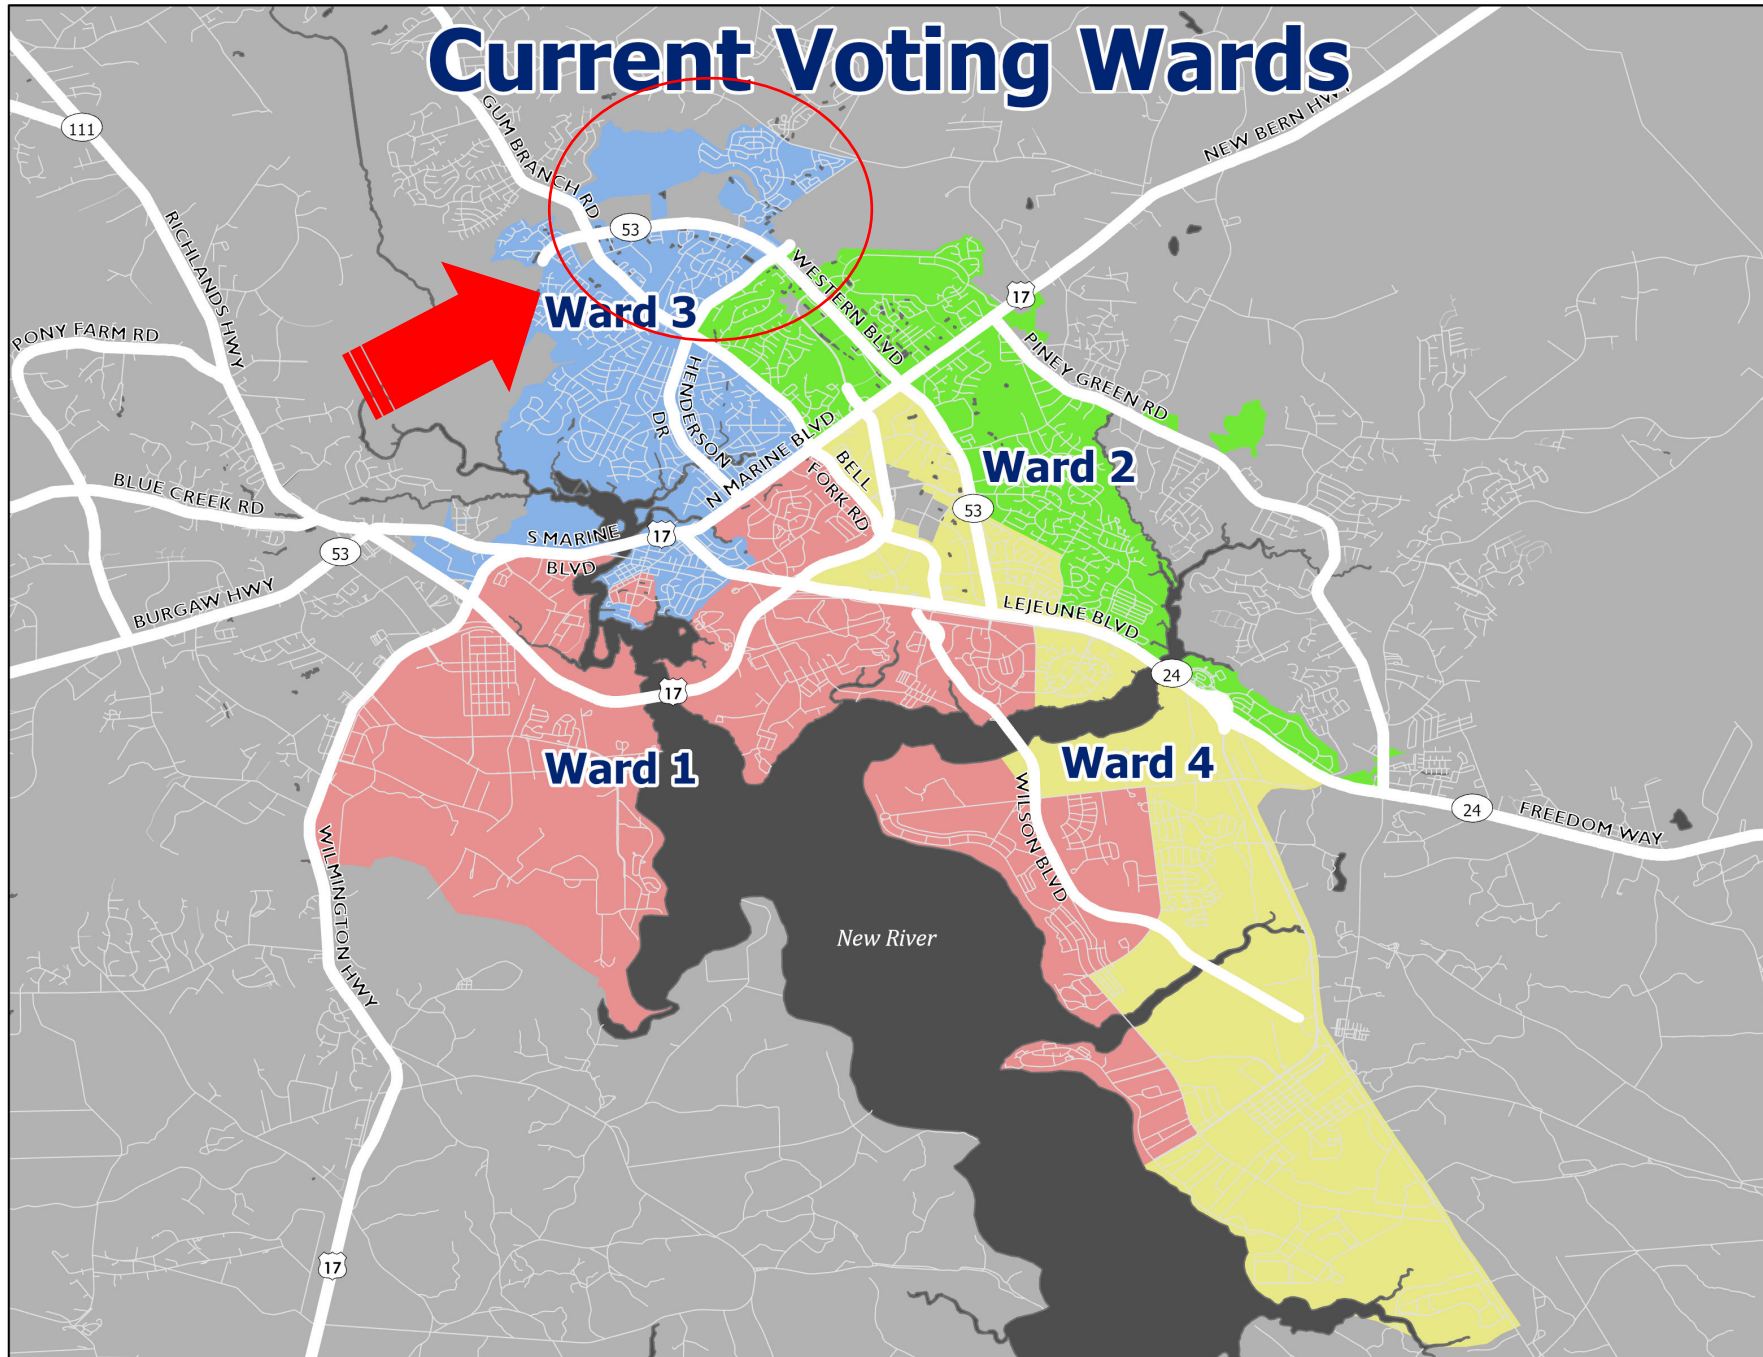

Redistricting Map Considerations

- 1** – Preserves community interests
- 2** – Room for future population growth

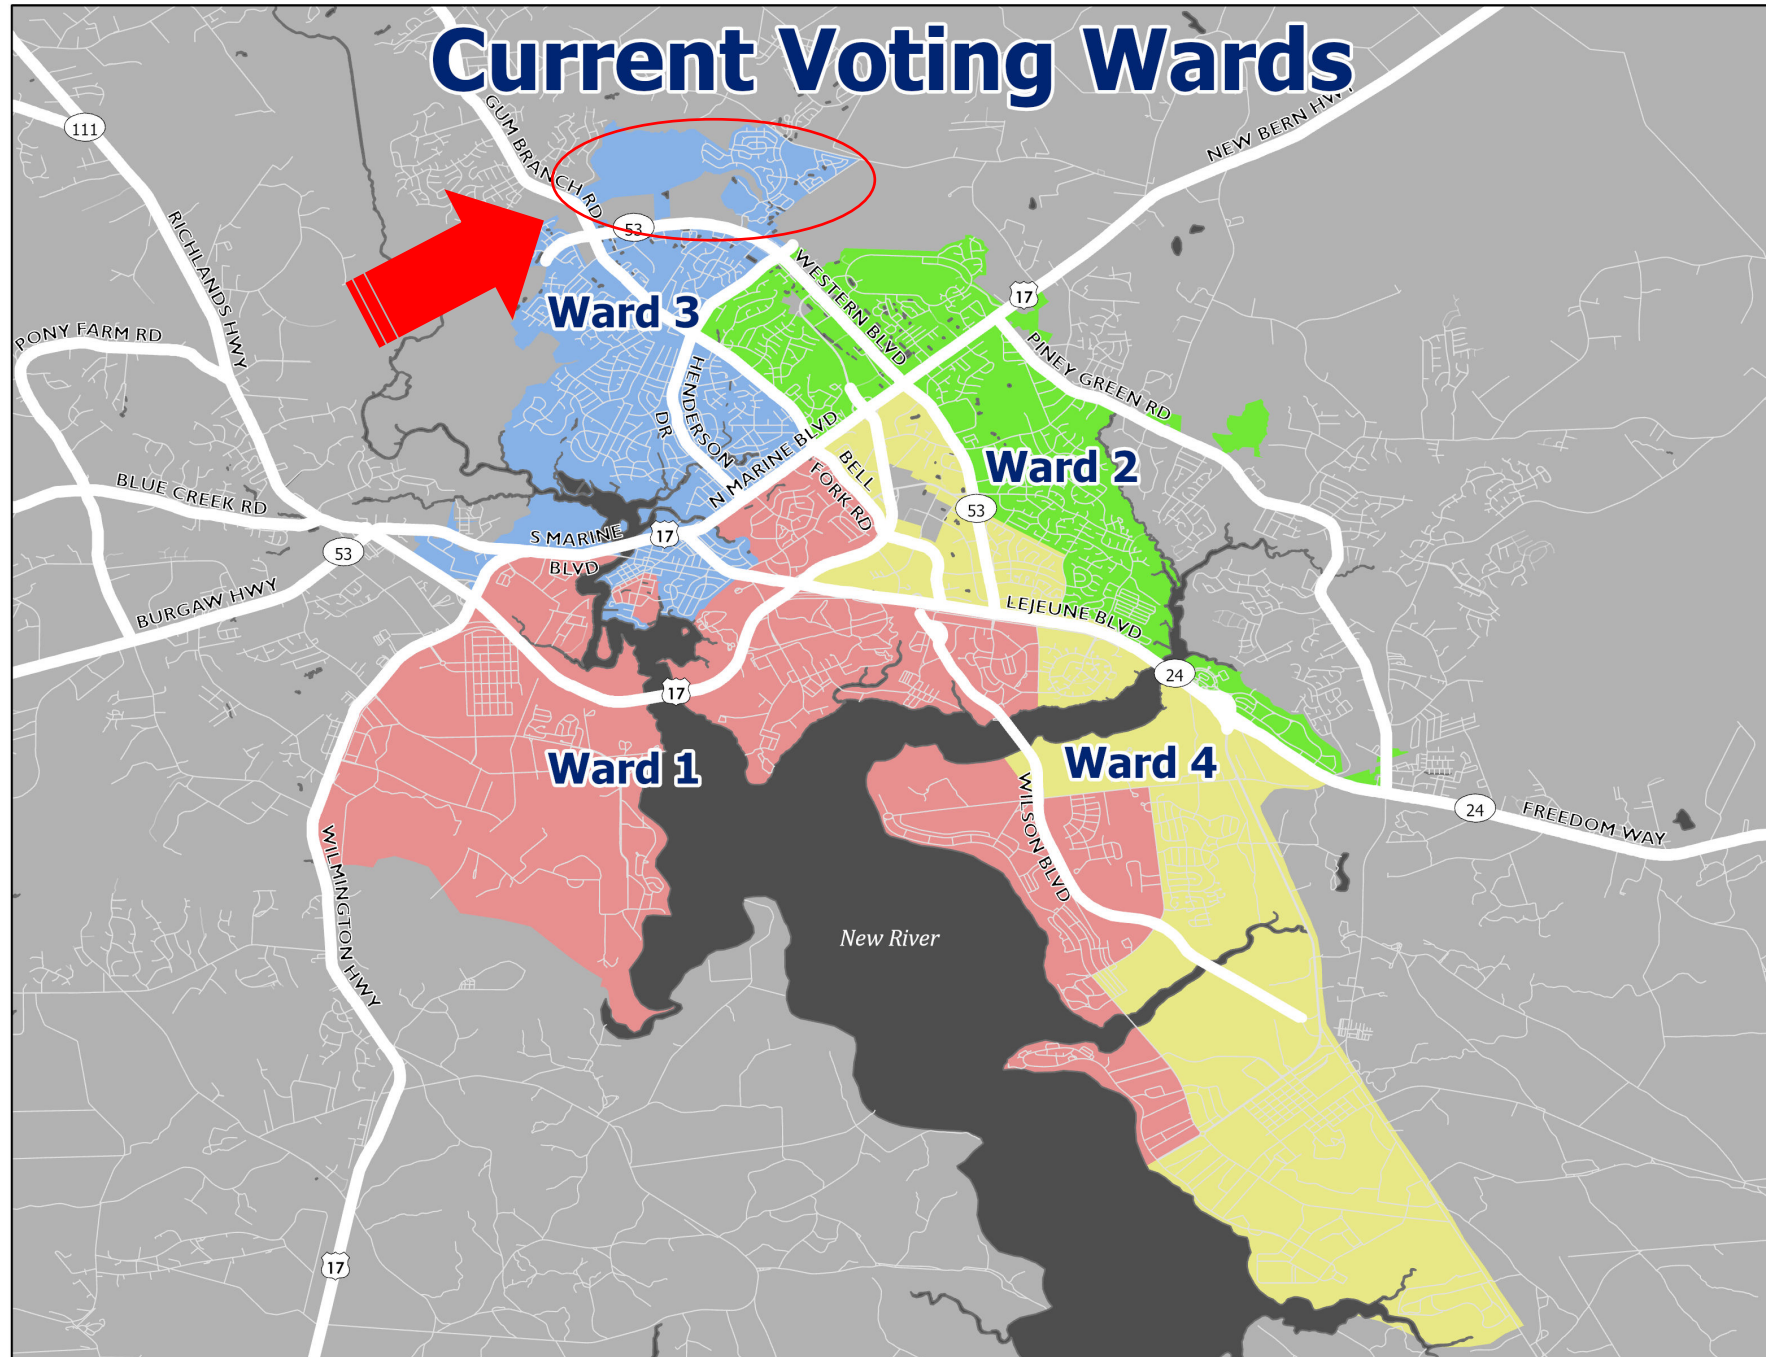

Redistricting Balance Review

Current Voting Wards

Current Voting Wards

Option 1- Carolina Forest to Gum Branch Rd

Assign all blocks to Ward 2

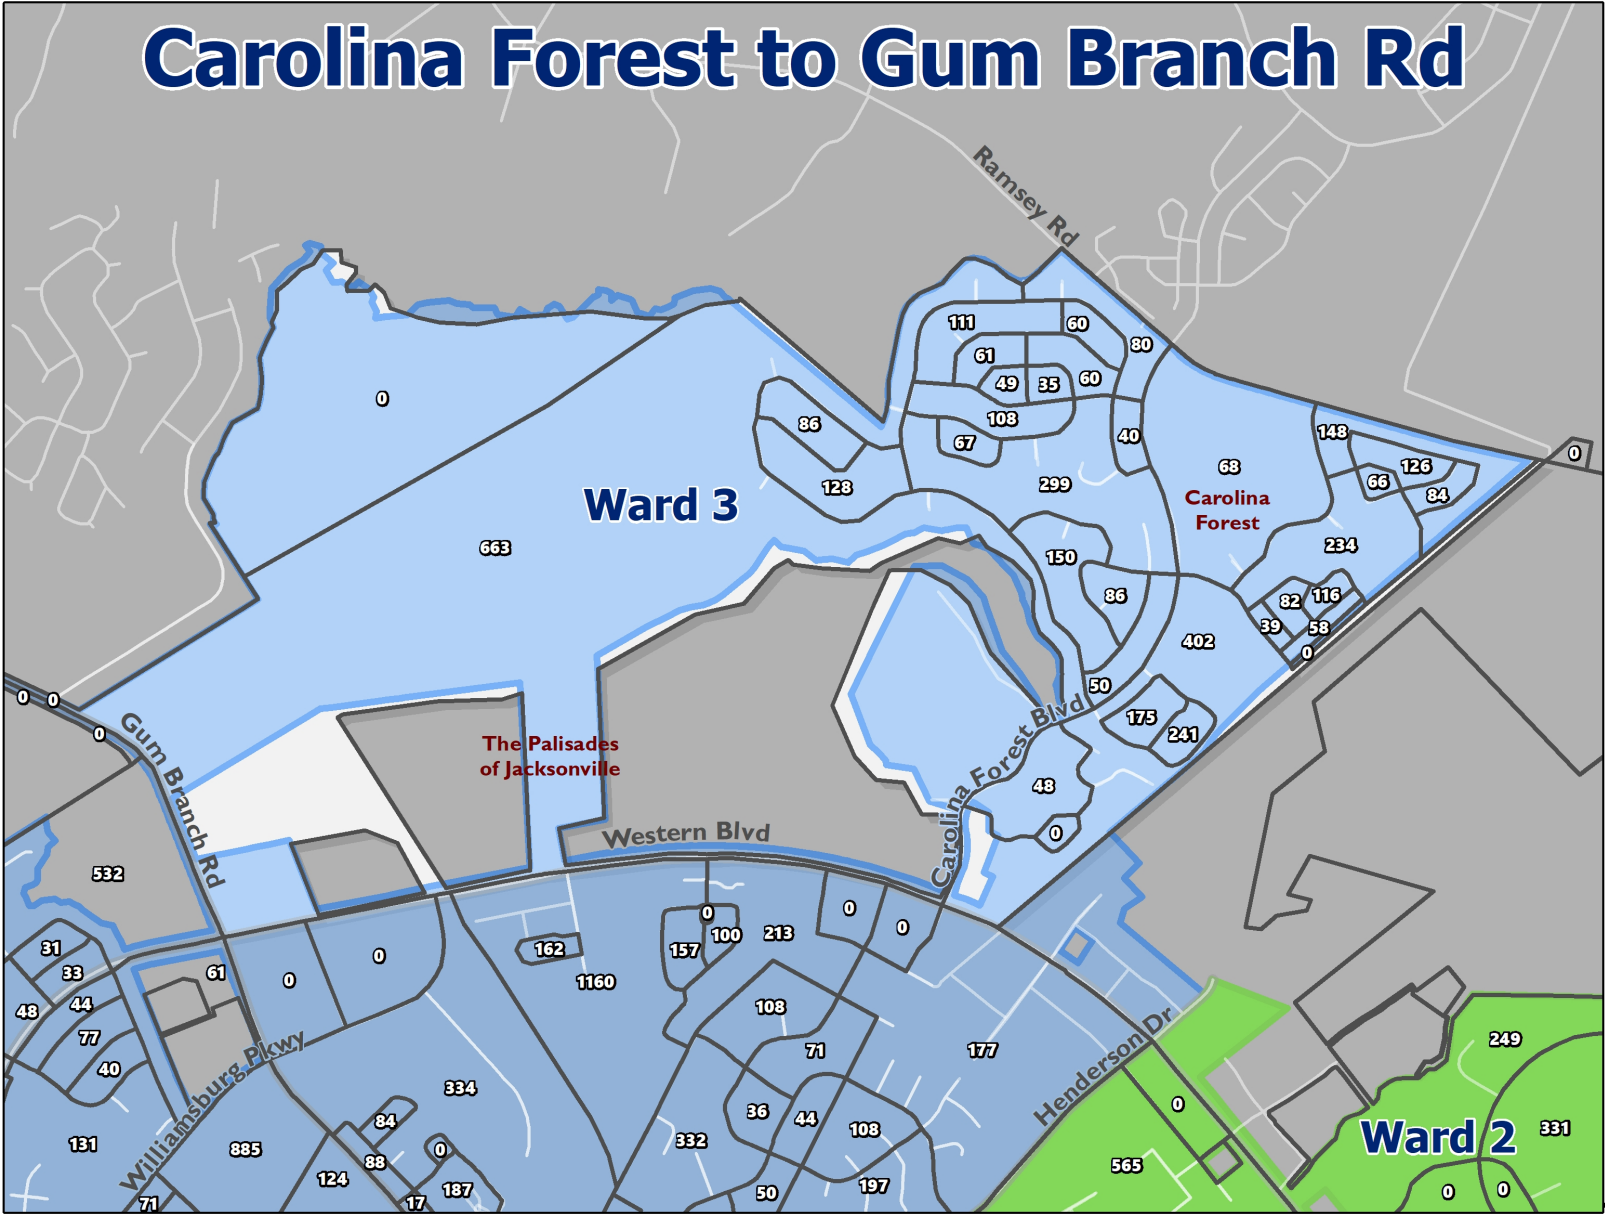

1 – Major area of new development

2 – Census blocks line up with it

3 – Eliminates splitting any census blocks

4 – Preserves community interests

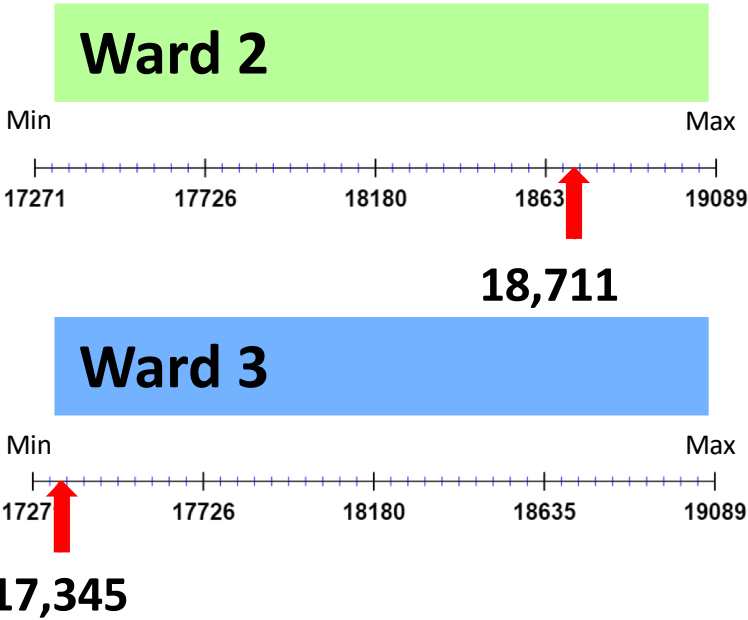

Carolina Forest to Gum Branch Rd

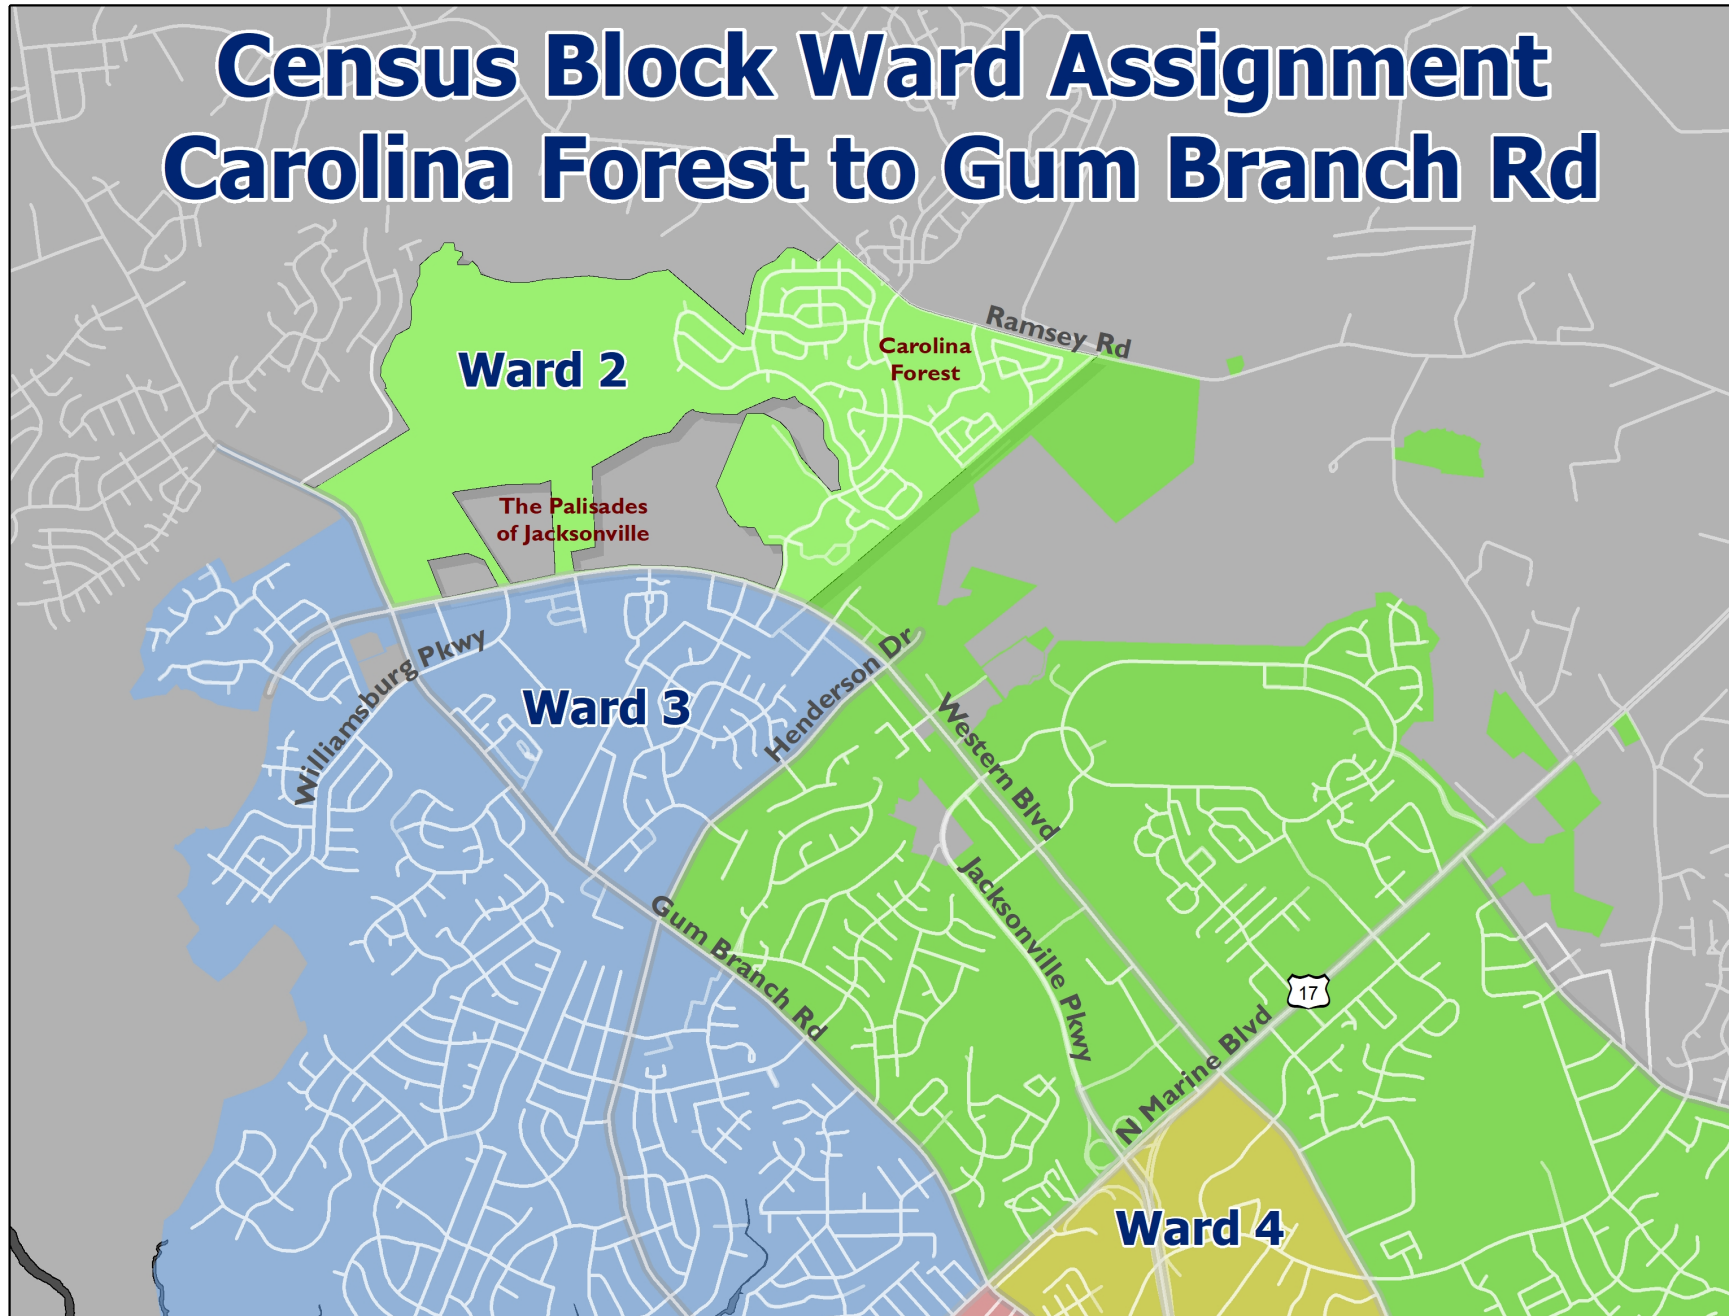

Population Impact: **4,020**

Ward 2	Ward 3
14,691	21,365
+ 4,020	- 4,020
18,711	17,345

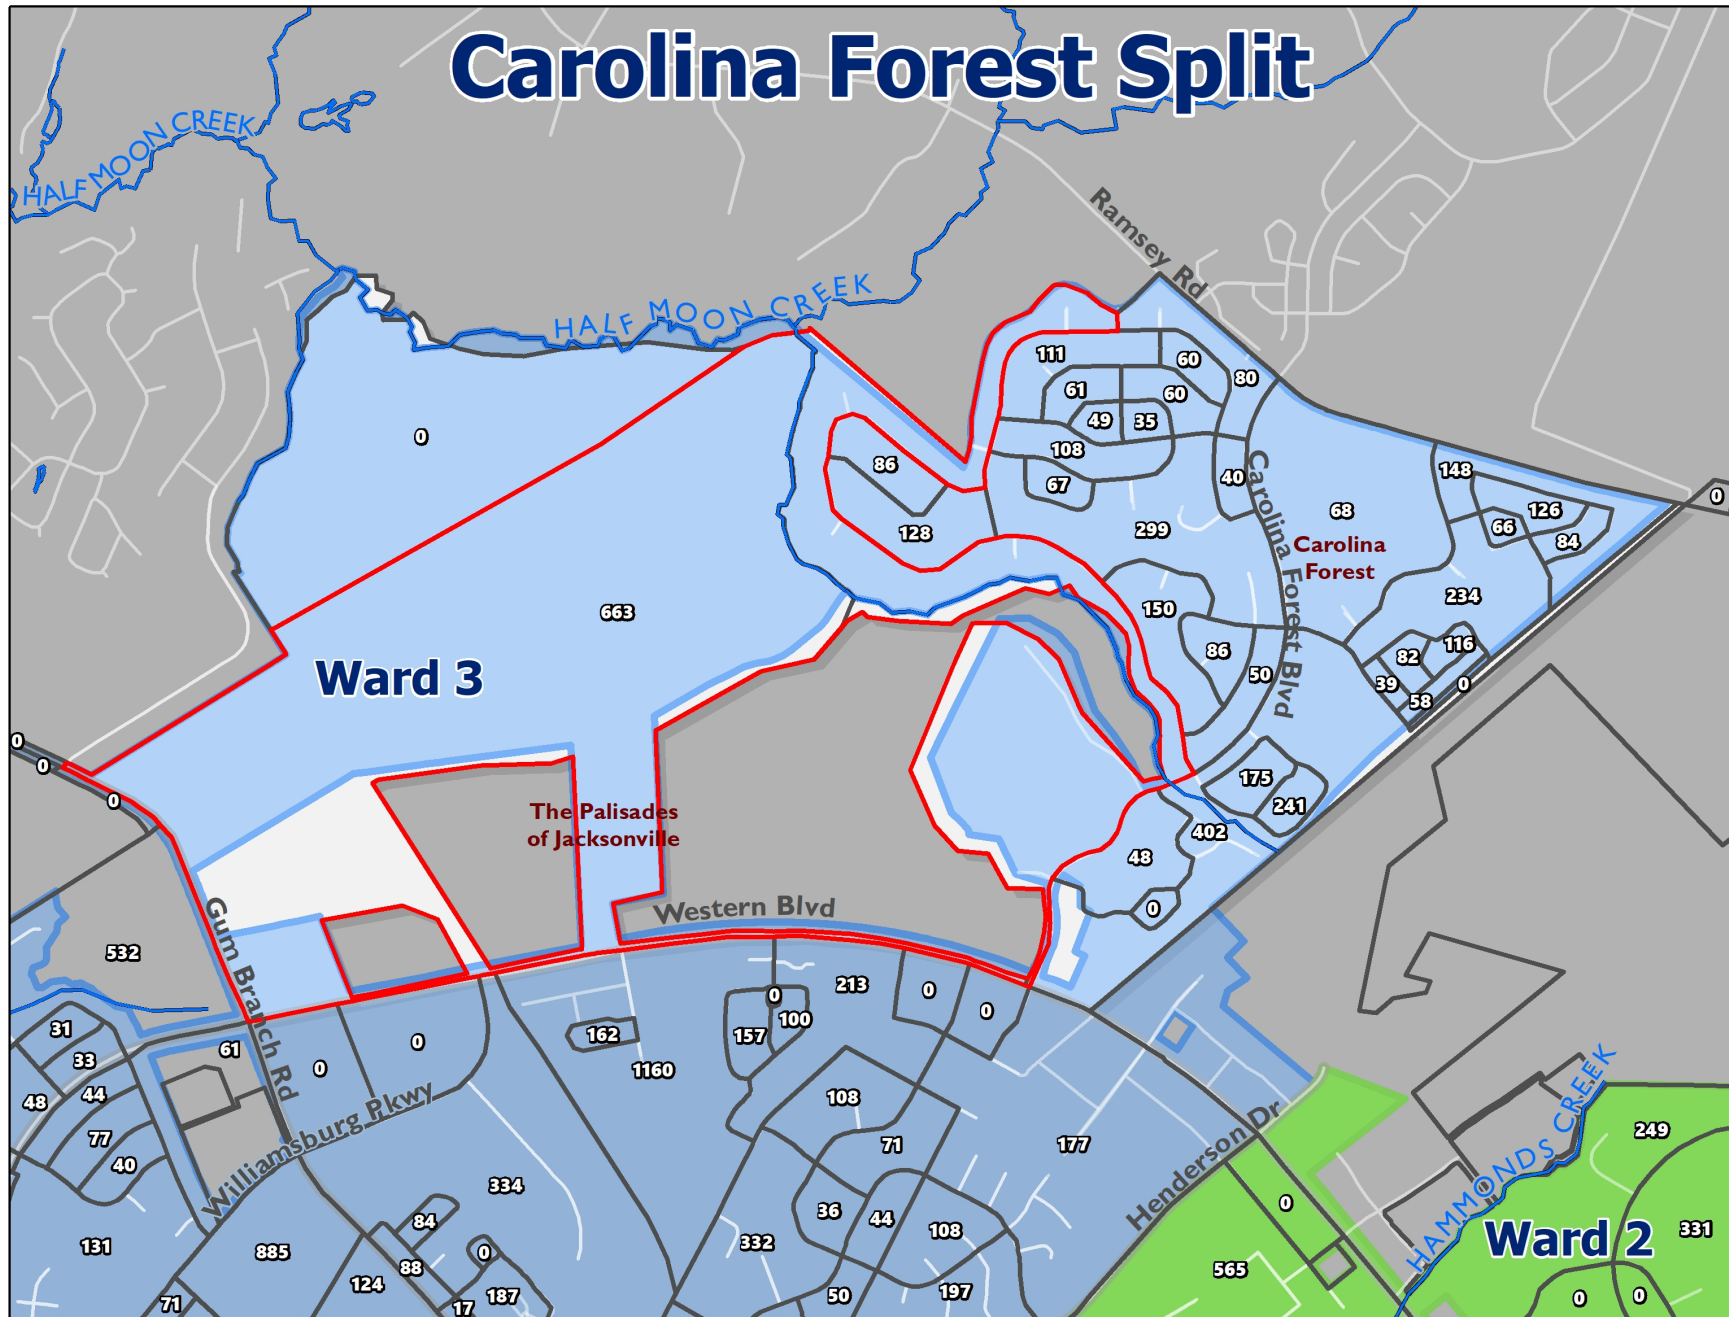

Population Balanced? Yes

Census Block Ward Assignment Carolina Forest to Gum Branch Rd

Carolina Forest Split

Carolina Forest Split

The map illustrates the geographical split between Ward 3 (light blue) and Ward 2 (green). A large red arrow indicates a movement or relationship from a circled area labeled '485' in Ward 3 towards a circled area labeled '178' located near the boundary between the two wards. Various streets are shown, including Ramsey Rd, Carolina Forest Blvd, Western Blvd, Henderson Dr, Williamsburg Pkwy, Gum Branch Rd, and Hammonds Creek. Other labeled areas include 'The Palisades of Jacksonville' and 'Carolina Forest'. Numerous numerical values are scattered across the map, likely representing population counts for specific precincts or census tracts.

Ward 3

The Palisades of Jacksonville

Carolina Forest

Ward 2

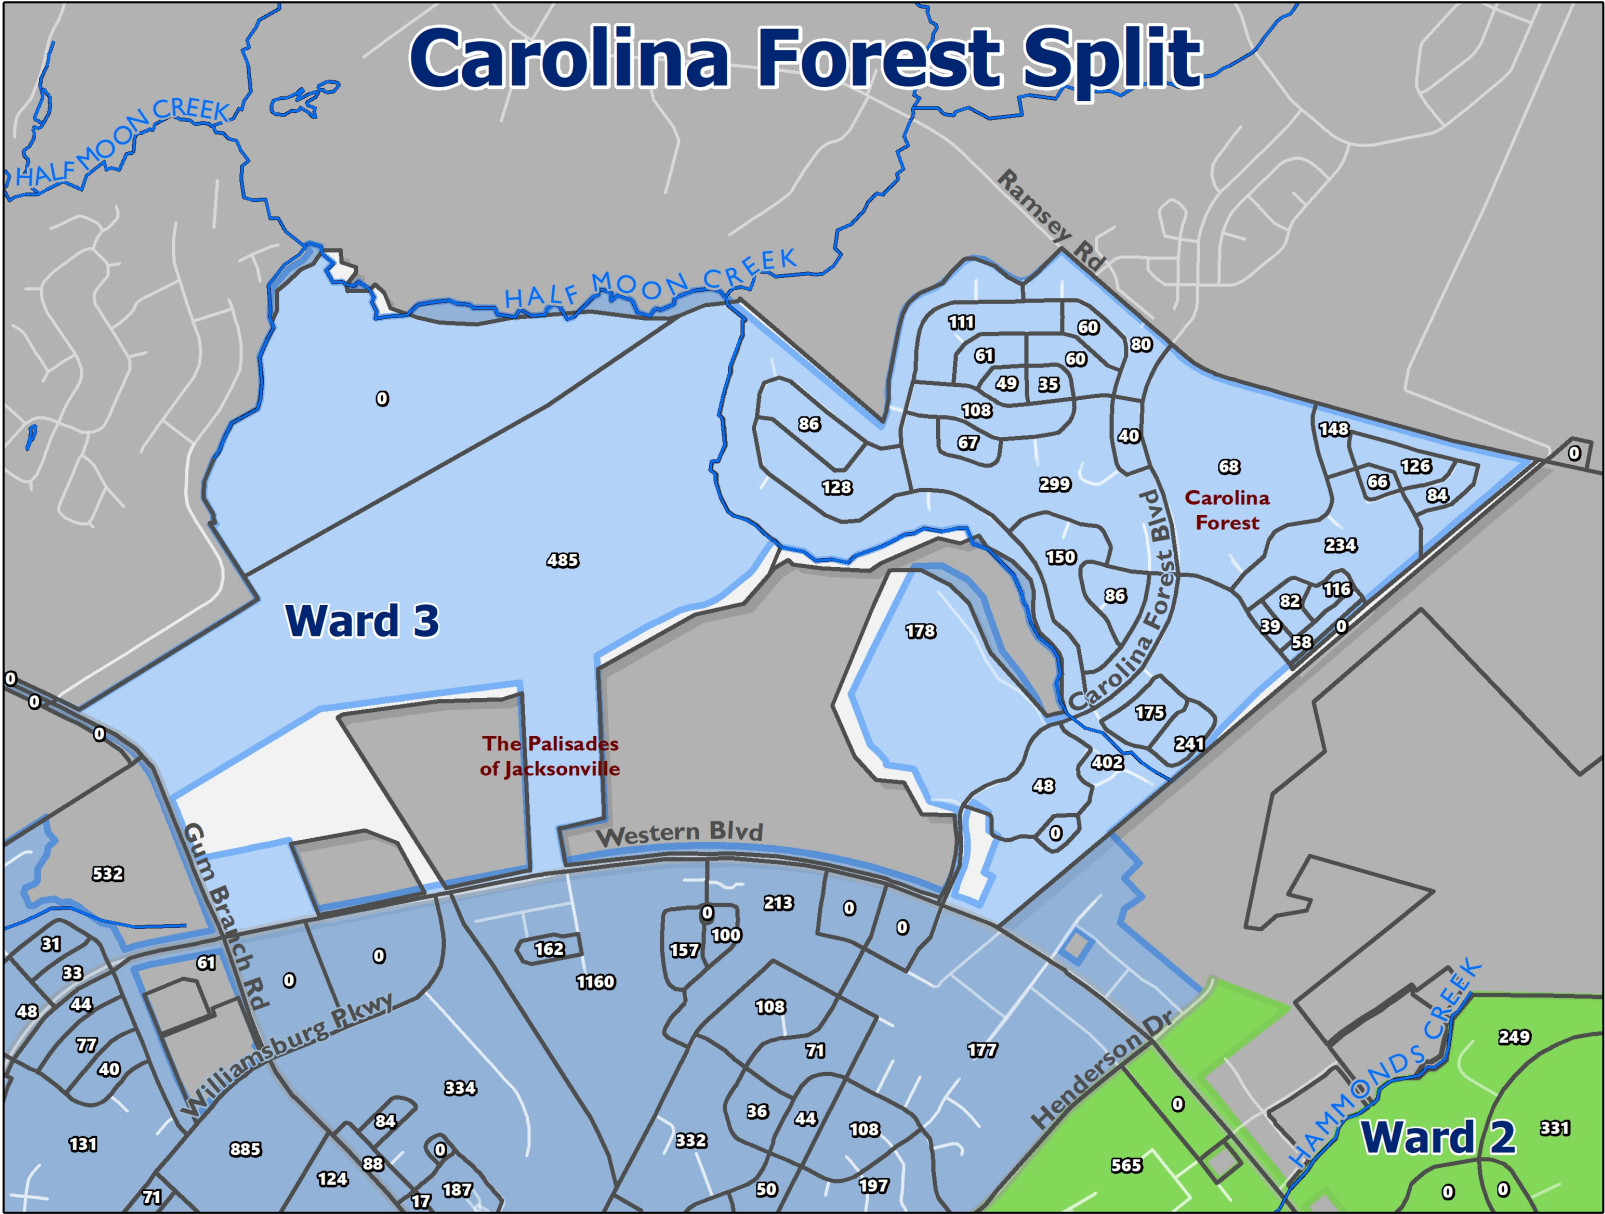

Option 2- Carolina Forest Split

Split at Carolina Forest and assign to Ward 2

1 – Major area of new development

2 – Room for future population growth

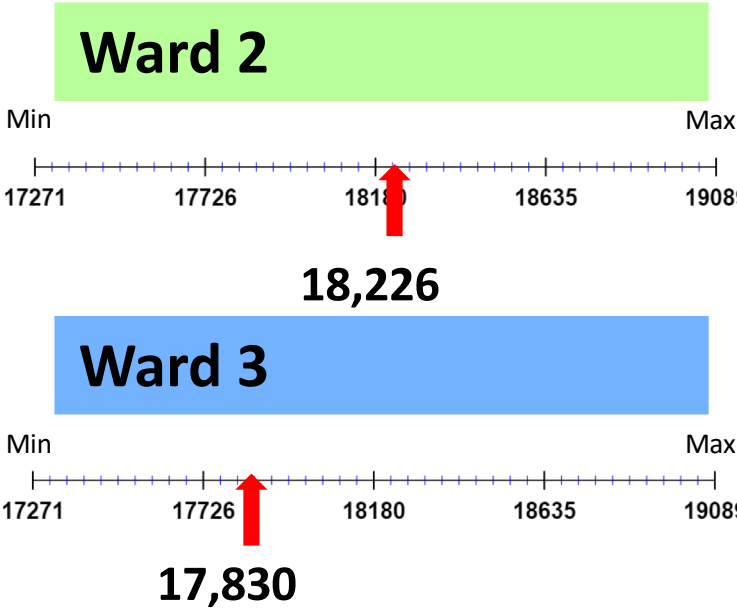

3 – Preserves community interests

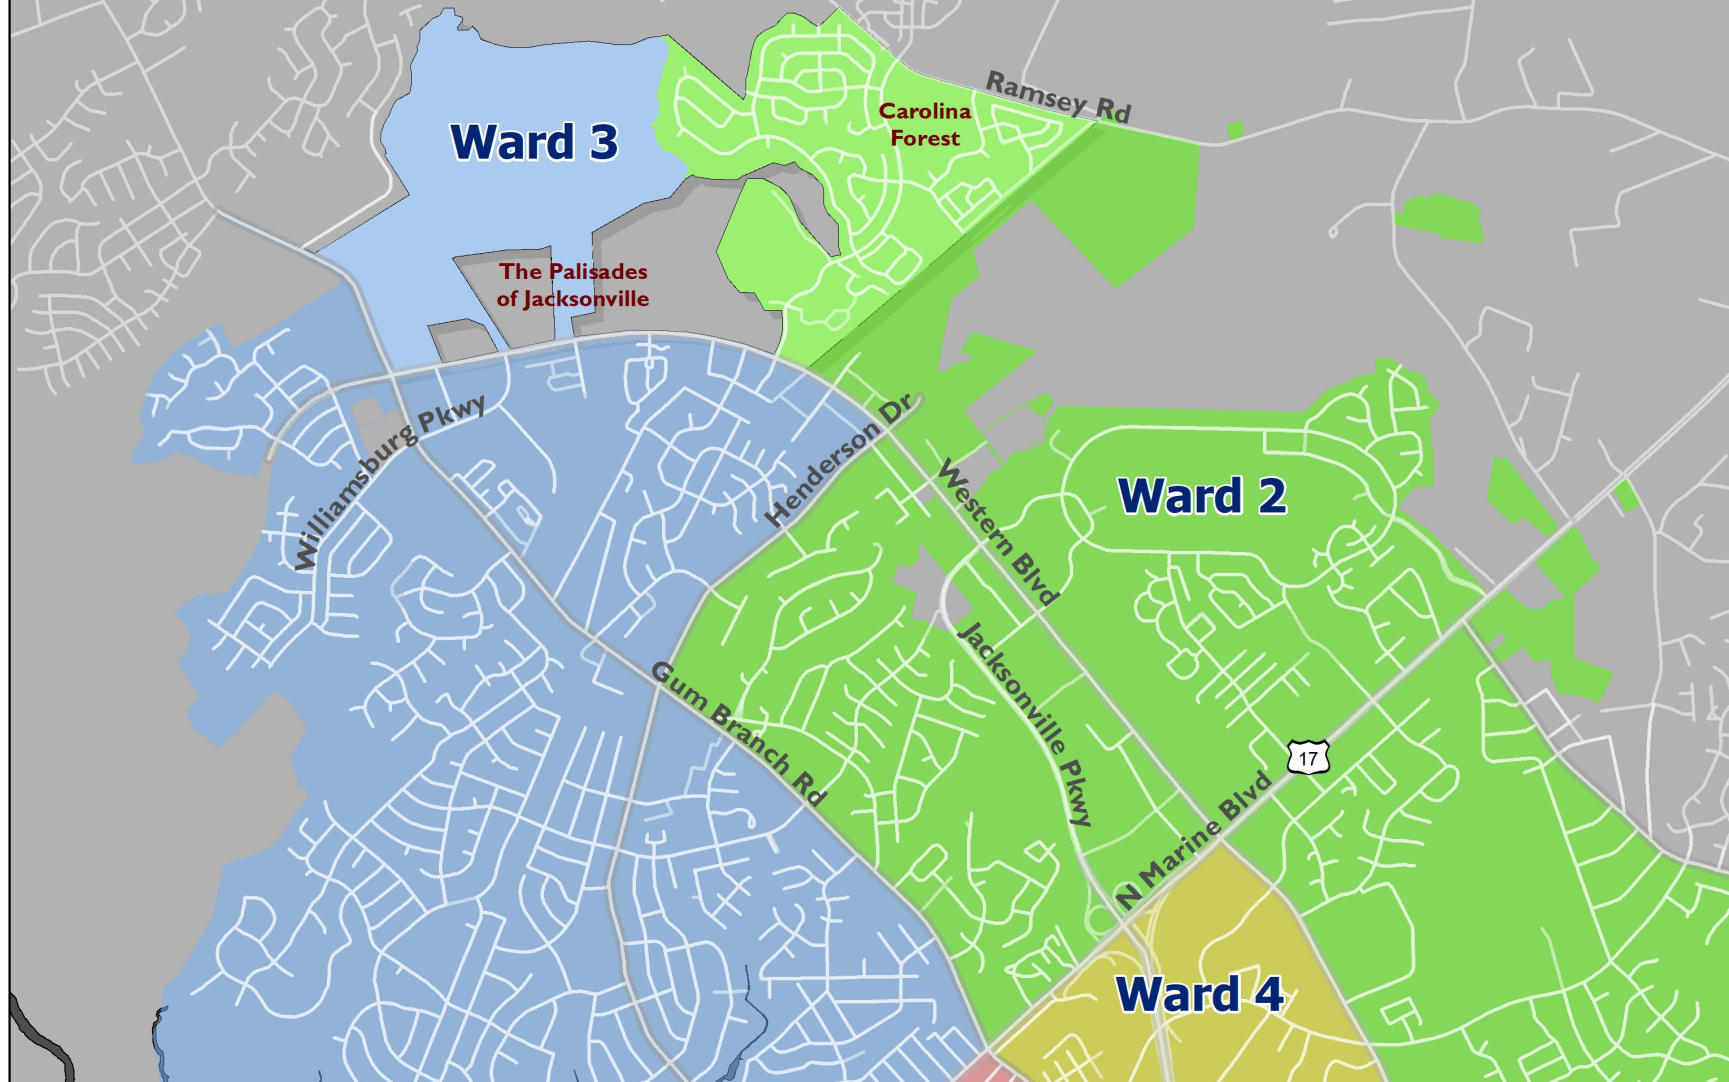

Population Impact: **3,535**

Ward 2	Ward 3
14,691	21,365
+ 3,535	- 3,535
18,226	17,830

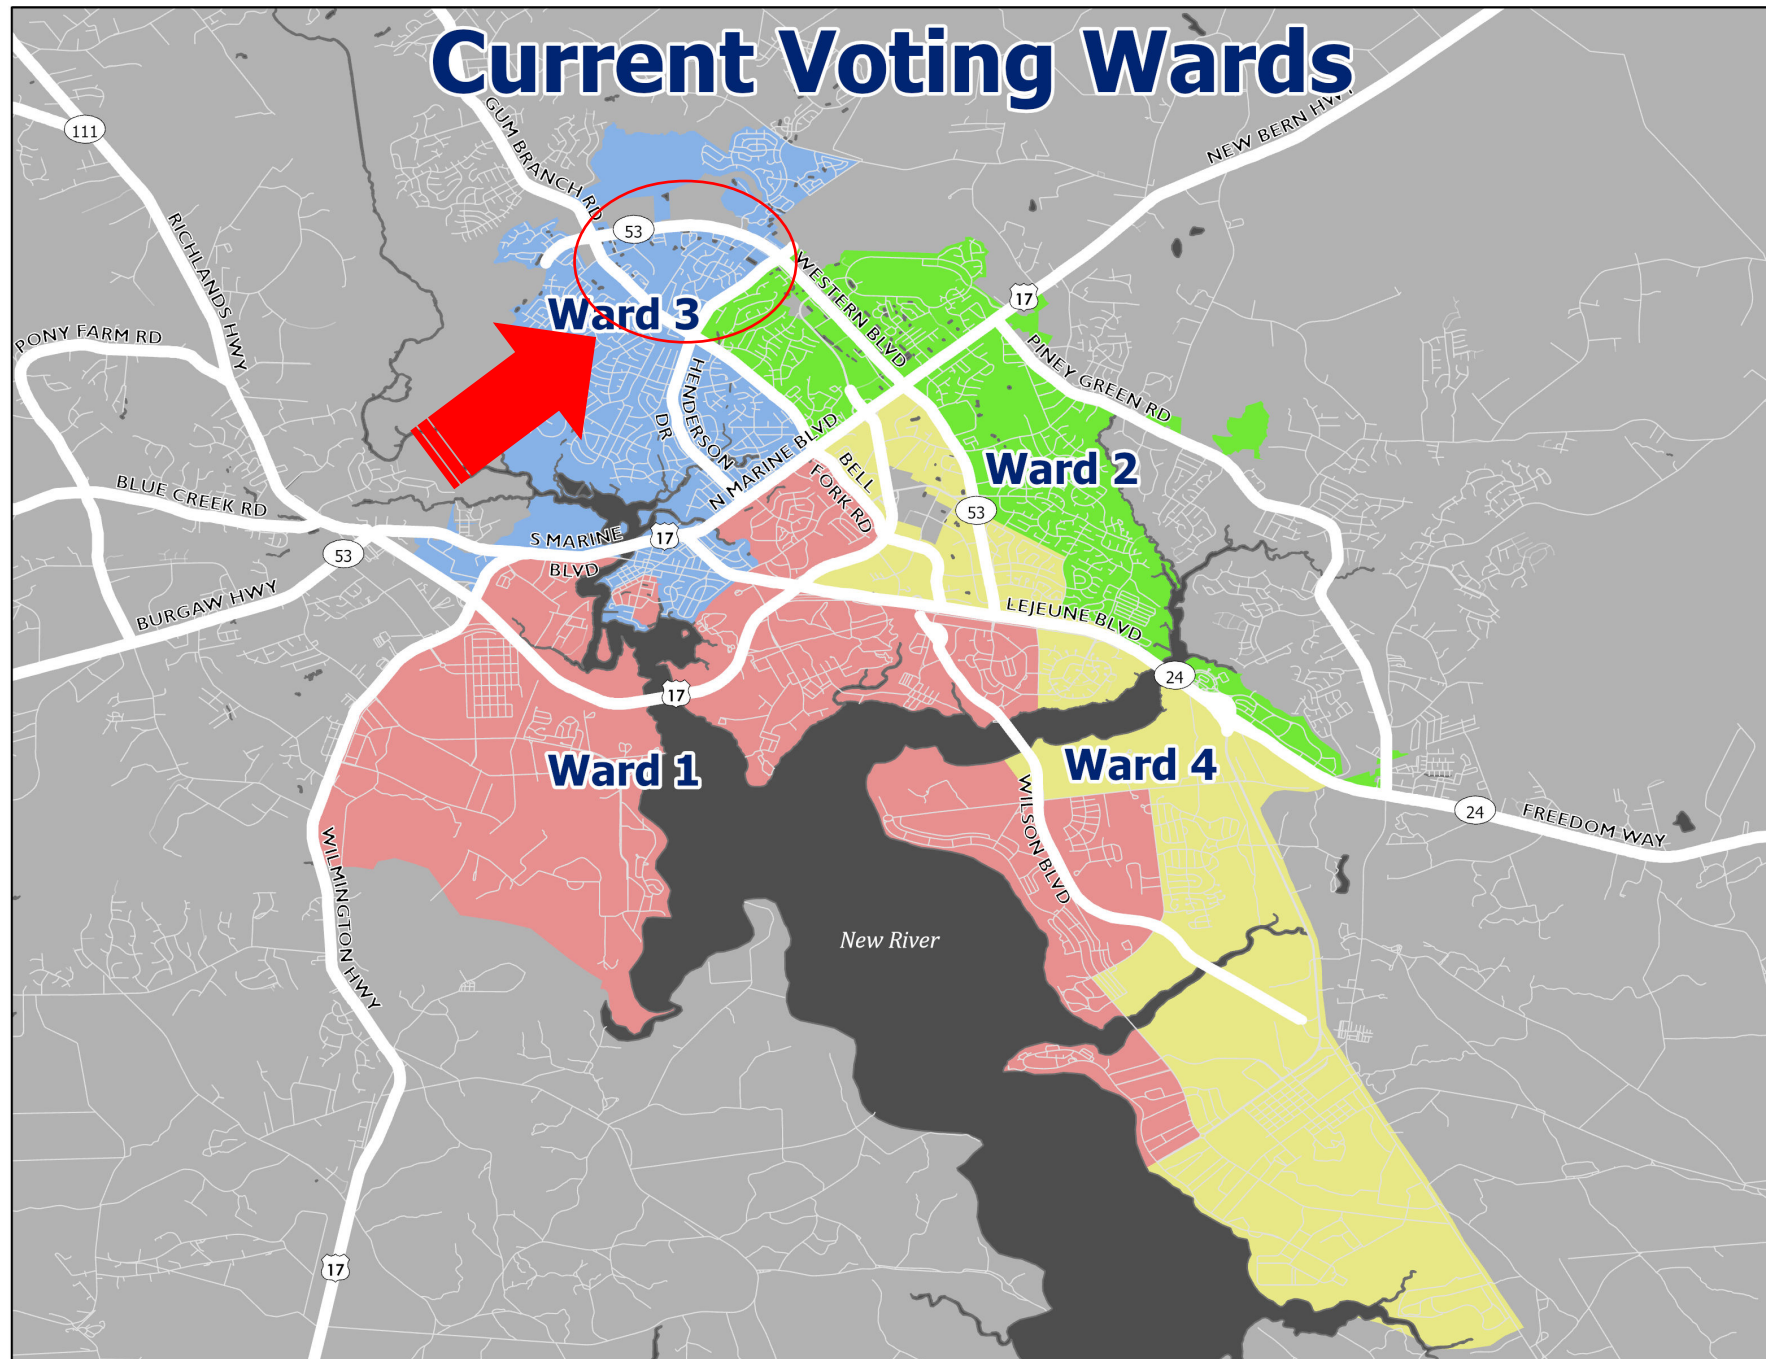

Population Balanced? Yes
